LOYAL MEXICANS  
STAND BY THE FLAG

Diaz Now Has but Three  
Thousand Men Under  
Command.

Government Troops Slowly  
Closing in on Swarthy  
Rebels.

Laredo, Texas, Feb. 11.—Reports  
received here assert that at 10:15  
o'clock this morning hostilities be-  
tween the federal and rebels began  
in Mexico City. The federal army  
opening fire on the rebels. The fed-  
erals have artillery including ma-  
chine guns, placed near the National  
theatre and are bombarding the  
rebels. It is said the rebel forces  
now number four thousand men.

Mexico City, Feb. 11.—The rebels  
and the federal troops in the Mexi-  
can capital have taken up positions  
and fighting is expected to begin at  
any moment this morning. The gov-  
ernment troops are slowly closing in  
on the rebels.

Madero has a total of not less than  
30,000 soldiers in the city and expects  
further reinforcements shortly.  
Felix Diaz, the rebel leader has  
some 8,000 men under his command.  
The advantage given him by the  
capture of the artillery has now  
been lost, since the government  
has had time to bring up field guns  
even from as far as Cuernavaca.

Generals Victoriano Huerta, Felix  
Angeles and Jose Maria Baeza,  
the federal commanders, began plac-  
ing their men in position before day-  
break today. The streets leading  
westward from the palace toward  
the position occupied by the rebels  
were used for parking the reserves of  
loyal infantry, cavalry and artillery.  
At the ends of these streets federal  
outposts were stationed to begin the  
battle.

Warships to Mexico.  
Washington, Feb. 11.—The battle-  
ships Virginia and Georgia, of the  
Atlantic fleet, put out from Guan-  
tanamo at 2 a. m. today for Mexico.  
The Virginia will go to Vera Cruz  
and the Georgia to Tampico. The  
Colorado and South Dakota at San  
Diego, Calif., are under orders to  
sail today for Mexican ports on the  
Pacific side.

## HITCHCOCK AIRS PET MEASURE.

Washington, Feb. 11.—Govern-  
ment ownership or control of tele-  
graph lines is again recommended  
by Postmaster General Hitchcock, in  
his complete annual report transmit-  
ted today to congress.  
Mr. Hitchcock also recommends  
that the use of the franking privi-  
lege be restricted "to official corre-  
spondence, not exceeding four ounces  
in weight, and to the mailing of  
such speeches and documents as are  
printed by order of congress."

## THIRTY-ONE MEN AFTER JANITOR JOB

Board of Education Will Pass on Ap-  
plication of Large Number to  
Succeed Joseph J. Jochosky.

Thirty-one applicants are seeking  
the job of janitor of the Lincoln  
school building, which will be vac-  
ated by Joseph Jochosky next Fri-  
day. The merits of the numerous  
applicants will be considered at the  
regular meeting of the board of edu-  
cation this evening, and a successor  
to Jochosky chosen.

It will be heard the report of  
the teachers and janitors' committee  
on the application of Harman Bas-  
ler, janitor of the Franklin building,  
who seeks to be relieved of a portion  
of his duties. The committee will  
report unfavorably on the request,  
and the report will likely be adopted  
by the board.

No business of an important na-  
ture will be transacted this evening,  
although there is a probability that  
the recent charges against Prof.  
Fisher, member of the high school  
faculty, will be aired out in open  
discussion.

## WANTS EXPLOSIVES PLAINLY MARKED.

Washington, Feb. 11.—A bill to  
regulate the interstate shipment of  
dynamite and other high explosives or  
dangerous articles has been intro-  
duced in the senate by Senator Clapp  
of Minnesota.

The measure intended as an  
amendment to the criminal code,  
would require that all packages con-  
taining explosives or other danger-  
ous articles delivered to common  
carriers for interstate shipment be  
marked plainly. The bill makes un-  
lawful deceptive marking or false  
bills of lading. A fine of not more  
than \$2,000 or not more than 18  
months imprisonment, or both, is  
provided as a penalty.

## BUILDING HABIT GRIPS UNIVERSITY.

Charlottesville, Va., Feb. 11.—A  
building boom has struck the Uni-  
versity of Virginia and in addition  
to authorization for the construction  
of a new education building to cost  
\$40,000 the university board of visi-  
tors has granted to three of the  
Greek Letter Fraternities permis-  
sion to erect a fraternity house. The  
board of visitors, which is in session  
here approved plans for the new  
scholarship building and also for a  
new gateway.

## CLEVELAND CROOK MUST PAY PENALTY.

Bowling Green, Ohio, Feb. 1.—  
After being out only twenty minutes  
the jury in the case of William  
Behrenson, of Cleveland, charged  
with complicity in the Munn bank  
robbery at Portage on November  
19, today returned a verdict of  
guilty.

Behrenson, with three accom-  
plices, was accused of obtaining al-  
most \$4,000 of the bank's funds.

## GOVERNOR NOT COMING

All Arrangements for His  
Entertainment Have  
Been Cancelled.

INSPECTION TRI-  
AL WAS POSTPONED.

Telegram is Received This  
Morning Announcing a  
Change in Plans.

Columbus, O., Feb. 11, 1912.  
Walter M. Cooney,  
Secretary Lima Progressive  
Association.  
The proposed trip of the  
finance committee of the house  
and senate and the governor to  
Lima has been postponed. See  
ter follows.  
GEORGE F. BURBA,  
Secretary to the Governor.

The above telegram was received  
by Secretary Cooney at noon today,  
and has resulted in all arrange-  
ments for the reception and enter-  
tainment of Governor Cox and his  
distinguished party next Friday be-  
ing cancelled. No reason is given  
for the change in the governor's  
plans, but this will no doubt be ex-  
plained in the letter that will arrive  
late this afternoon.

Secretary Cooney was also in-  
formed over the long distance telephone  
this morning by Assistant Secretary  
of State Secret, who is also clerk of  
the Lima State Hospital Commis-  
sion, that the governor would be  
unable to come to Lima Friday as  
planned, and that the finance com-  
mittee had postponed coming until  
a later date when Governor Cox  
could accompany them. This is  
taken to mean that Lima will have  
an opportunity to entertain the chief  
executive of the state within the  
very near future.

All arrangements had been made  
for an inspection trip of the new  
Lima State Hospital next Friday by  
Governor Cox and his party and the  
members of the finance committee of  
the senate and the house of repre-  
sentatives.

The Lima Progressive Association  
had made elaborate preparations for  
the entertainment of the distinguished  
visitors, and had appointed a  
committee of representative men to  
receive the party, which was due to  
arrive at 11:30 o'clock in a special  
car over the Ohio Electric. The  
party planned to leave Lima for Co-  
lumbus at 4:40 over the same route.

Among other things, the Progres-  
sive Association had made arrange-  
ments to entertain the governor and  
his party with a luncheon at the  
Hotel Naval, and later with an an-  
tomobile trip to the state hospital,  
three miles north of the city. These  
arrangements have been canceled,  
but will be renewed on the occasion  
of the visit of the party to Lima at  
a later date.

In addition to the governor and  
legislators, the trustees of the state  
hospital, the architect, and contrac-  
tors would have been included in the  
party.

## GEORGE COX BUMPED BY HIGH COURT

REPUBLICAN BOSS OF  
CINCINNATI MAY  
BE TRIED

On Criminal Charge of Per-  
jury in Common Pleas  
Court.

POLITICAL BULLY  
COULDN'T CONTROL

Opinions of the Highest  
Court Within Bound-  
aries of Ohio.

Henry T. Hunt Scores Vic-  
tory in His Fight for  
Political Decency.

Columbus, O., Feb. 11.—In a de-  
cision handed down today the su-  
preme court of Ohio sustained the  
bill of exceptions filed by the then  
prosecutor, Henry T. Hunt, in the  
case of the State of Ohio against  
George E. Cox, the Cincinnati politi-  
cal leader.

The effect of the decision, accord-  
ing to lawyers, is that Cox may be  
reindicted and tried on the charge  
of perjury.  
Cox was indicted in the common  
pleas court of Hamilton county on a  
charge that he gave false testimony  
concerning interest he was alleged  
to have received on county deposits.  
Judge Dixon sustained the bill of  
exceptions to the indictment hold-  
ing that Cox's constitutional rights  
had been violated in the trial in  
Judge Gorman's court, where the  
proceedings against him were pend-  
ing. Prosecutor Hunt's appeal in the  
case has been pending for more than  
a year.

The indictment charged that in his  
testimony before the grand jury Cox  
had denied that he received \$86,000  
from a former county treasurer as  
interest on deposits and the allega-  
tion was made that the treasurer in  
his testimony swore that he gave Cox  
sums aggregating about \$70,000.

Lower Cases Thrown Out.  
George Rogers and George Car-  
mack of Wood county, who were  
fined for alleged illegal selling of  
liquor, are relieved of the payment  
of these fines and discharged by the  
supreme court by decisions given to-  
day in some ten cases reversing the  
Wood county circuit and common  
pleas courts. The affidavits against  
these men were filed in the probate  
court and according to the supreme  
court ruling, there should have been  
indictments brought against them at  
the instance of the prosecuting at-  
torney. These cases have been in  
court a long time and have been bit-  
terly contested.

## CATCHER HENRY IS UNDER TREATMENT.

Washington, Feb. 11.—John  
Henry, the star catcher of the  
Washington Americans, is developed  
today, is under treatment for water  
on the knee. About five weeks ago  
Henry was operated upon for a  
floating cartilage in the knee joint  
which had given him much trouble  
towards the close of last season.  
While the operation was entirely  
successful, complications followed  
and the athlete now is reporting  
daily to a hospital. His physician,  
however, declares Henry will be able  
to take his position behind the plate  
when the season opens.

## FIREMEN INJURED BY AN EXPLOSION.

Cincinnati, O., Feb. 11.—George  
Klein and George Whitney, firemen,  
were seriously injured and a half-  
dozen others were slightly hurt by  
an explosion of gas while fighting a  
fire at 4125 Lakeman street, in  
Cincinnati today. The explosion  
wrecked the two-story frame struc-  
ture.

## RUMOR STARTS RUN ON ELYRIA BANK.

Elyria, O., Feb. 11.—Although it  
is declared to be absolutely solvent,  
a run is being made on the First  
National Bank of Elyria today.  
Actuated by a rumor that the insti-  
tution was to be closed, a long line  
of depositors stormed its doors early  
this morning, and insisted, when the  
bank opened, in withdrawing their  
money.

Other local banks immediately  
rushed to the First National's as-  
sistance, and depositors were paid  
off as fast as they applied for their  
funds. To allay anxiety the com-  
mittees were piled high with gold coin.  
Telegraphed offers of cash aid  
from Cleveland banks were received.  
W. S. Miller is president of the bank.  
The last statement of the bank  
gave its deposits as \$1,430,382 and  
its assets at \$1,927,000.

## PATTEN, GUILTY, IS FINED \$4,000.

New York, Feb. 11.—James  
A. Patten, the cotton and grain  
speculator, pleaded guilty in the  
federal court here today to the  
sixth count in an indictment  
charging him with restraint of  
trade.

Judge Weyer fined Patten  
\$4,000, which was paid immedi-  
ately.  
Patten, Eugene Seales, of Tex-  
as, and others, were indicted by a  
federal grand jury here more  
than a year ago for manipulation  
of the cotton market. The gov-  
ernment charged that their acts  
constituted restraint of trade.  
The case was dismissed and  
carried to the supreme court,  
which recently ruled  
against them.

George W. Merrick, Patten's  
attorney, issued a statement say-  
ing that his client had entered  
his plea, "without any conscious-  
ness of being guilty of any moral  
transgression or of offending in  
the slightest degree against any  
law or proper rule of conduct."

To Be Re-Indicted.  
Washington, Feb. 11.—The  
remaining defendants in the cot-  
ton corner case probably will be  
re-indicted by the department  
of justice to cure what was re-  
garded as a flaw in the pending  
indictment.

Patten's plea of guilty was by  
agreement with the government.  
Attorney General Wickersham  
consented to the arrangement  
because of the supposed error  
in the indictment which, while  
charging a conspiracy to buy up  
cotton, omitted the allegation of  
withholding it from sale.

OTHERS WILL FIGHT.  
New Orleans, La., Feb. 11.—  
The three other members of the  
cotton "bull pool" indicted  
jointly with James A. Patten, a  
connection with the cotton crop  
campaign in the 1910-11 cotton crop  
will not plead guilty to the fed-  
eral indictment in New York,  
according to a statement given  
to the Associated Press today by  
William H. Brown.

## VOTE OF FIREMEN FAVORS A STRIKE.

New York, Feb. 11.—With a  
strike vote authorized by an over-  
whelming majority, the Brotherhood  
of Locomotive Firemen and Engi-  
neers submitted its ultimatum today  
to the representatives of fifty-four  
eastern railroads and, neither side  
yielding, the conference adjourned.  
Officers of the Brotherhood are  
now authorized to call a strike at  
once but its president, W. S. Carter,  
will, as a last resort, submit to the  
railroads late today a written state-  
ment of the union's attitude. If a  
compromise on the question of  
wages, and working conditions is not  
reached, more than 30,000 men may  
leave their engines within 48 hours.  
"We presume you intend to with-  
draw your men from the service,"  
said Chairman Ellis Lee for the  
railroads as the conference broke up.  
"In that event you will be taking a  
grave responsibility."

## OHIO COURT BREAKS WILL

Lower Tribunals Held the  
Document of Laura C.  
Taylor Valid

BUT SUPREME COURT  
REVERSED RULING.

Estate of \$600,000 Involved  
and Chicago Man Will  
Benefit.

Columbus, O., Feb. 11.—By a de-  
cision of the supreme court today  
the will of the late Mrs. Laura C.  
Taylor, of Cincinnati, who died in  
1875, leaving an estate of \$276,000,  
her share of a \$600,000 will of her  
first husband, was broken by re-  
versing the ruling of the Hamilton  
county common pleas and circuit  
courts.

Russell M. Wilder, of Chicago,  
son of Ella Taylor Wilder, filed suit  
to have the will declared void. The  
lower courts sustained the will and  
the appeal was then taken.

Henry W. Taylor died in 1849  
leaving a will disposing of a \$600,-  
000 estate. Mrs. Laura C. Taylor  
received \$276,000, her children  
\$40,000 and his relatives \$225,000.  
His wife upon her death was direct-  
ed to give two-thirds of the property  
he gave her to his relatives.

Mr. Wilder, who was the son of  
Ella Taylor Wilder, one of the chil-  
dren of Mrs. Taylor's first husband,  
then asked to have the will declared  
void, alleging undue influence of the  
last accompanying the will of her  
second husband which gave two-  
thirds of the \$276,000 to his rela-  
tives.

Selfish Opposition.  
Bills providing for free medical  
and dental inspection of the public  
school children of the state are re-  
ceiving much opposition in the leg-  
islature. One bill, introduced by  
Representative King, of Ashtabula  
county, provides that if parents can-  
not afford to have their children  
treated, physicians paid by the  
school boards shall take their cases.

In scores of letters being received  
by members of the legislature, such  
bills are opposed on the ground that  
the doctors are attempting to build  
up a physicians' medical trust. Many  
of the letters received state that the  
poor class of physicians, those who

have but little practice, are the only  
ones favoring such bills.  
However, many prominent physi-  
cians from every section of the state  
are favoring the inspection bills.  
They claim that the health of the  
present and future generations can  
be greatly bettered by such laws,  
and that much alleged unnecessary  
sickness could be avoided.

## NEGLECTED ROADS POOR INVESTMENT.

Washington, Feb. 11.—Heavy out-  
lay in building good roads is money  
poorly invested unless adequate pro-  
vision is made for maintaining the  
perfect highways, according to Lo-  
gan W. Page, director of the office of  
good roads of the agricultural de-  
partment in a report made public to-  
day. He declared that while the peo-  
ple of the various states have  
awakened to the need for better  
highways and are spending enormous  
sums in building them, they are not  
cared for when completed.

Director Page says the blame does  
not lie altogether at the doors of  
the local roads' organization but that  
many state highway departments are  
derelict. He urges systematic and  
continuous maintenance of good  
roads, once they are built.

## JUSTICE PEELE HEARS LAST CASE

Washington, Feb. 11.—Chief Jus-  
tice Stanton J. Peelle, of the United  
States court of claims, heaved a long  
sigh of relief today because his  
work and worry on the bench were  
virtually ended. Seventy years of  
age and twenty-one years in the  
court of claims, the chief justice  
yesterday had the satisfaction of  
hearing his last opinion delivered in  
the case of a Baltimore contractor  
who sought and failed to collect an  
extra amount on work done on the  
army war college. Chief Justice  
Peelle was appointed to the bench in  
1892 and became its leading member  
in 1906.

## NO VERDICT AT 3 O'CLOCK

Jury in the Bond-Dean Bri-  
bery Case Retired at  
11 O'clock.

JUDGE ROGERS  
HAS DECIDED

That Threats of Political  
Death May Not Be Con-  
sidered Bribery.

Columbus, O., Feb. 11.—At 3  
o'clock no verdict had been returned  
in the Bond-Dean case. The jury  
had been out since 11 o'clock one  
hour being given to the lunch re-  
cess.

Following the close of Attorney  
General Hogan's address in behalf  
of the prosecution, Judge C. M. Ro-  
gers, of the criminal court, this morn-  
ing delivered his charge to the jury  
in the Bond-Dean so-called bribery  
case.  
He ruled with the defense with  
respect to the position of the de-  
fendant that a threat to deprive one of  
election does not constitute a bribe  
under the laws of Ohio. A promise  
alleged to have been given Drake by  
Bond and Dean of his re-election,  
constituting the second count in the  
indictment under which they are be-  
ing tried. In respect thereto, the  
court said:

The court further instructs you  
that to constitute a corrupt offer to  
secure for Drake his re-nomination  
and election without opposition or  
expense to him as alleged in the sec-  
ond count, it is not sufficient merely  
to show that Dean warned admon-  
ished or even threatened Drake that  
if he supported the Rose bill, or re-  
ported it favorably out of the com-  
mittee, or language to that import  
he would be defeated, or would not  
be re-nominated or elected as sen-  
ator, or words to that effect. If a  
mere warning or even a threat as to  
the effect of Drake's vote or action  
with respect to the said bill upon  
his political future, does not consti-  
tute a corrupt proposal to re-nomi-  
nate or re-elect him senator, even  
though the admonition or threat was  
made to influence Drake's official ac-  
tion.

The state, however, maintains that  
the charge does not do so serious in-  
jury because Drake testified that his  
re-election was to or without ex-  
pense to him. This, Prosecutor  
Turner declared, sufficiently supports  
the second count.

## TURKISH WARSHIP NEAR HER FINISH.

Constantinople, Feb. 11.—A Turk-  
ish warship went ashore this morn-  
ing at Karaburun on the Black sea  
coast. Her position is dangerous and  
she is leaking badly.

Turks' Official Loss 8,050.  
Sofia, Bulgaria, Feb. 11.—The  
Turkish army in the peninsula of  
Gallipoli lost six thousand men and  
fifty officers during the fighting at  
Bulair, according to an official re-  
port issued here today.

Seven thousand Turkish soldiers  
are declared to have fallen in a bat-  
tle before the Tchalja lines on  
February 9 and thousands more at  
Charkou.

were attacked by great mobs. Sev-  
eral deaths are reported.

The situation in this city was  
quieter today. The rioting of last  
night, in which seventy persons were  
killed or seriously injured, began  
in the early hours of the morning.  
The severe cold compelled the mobs  
to seek shelter.

There were no further distur-  
bances up to midday and the authori-  
ties withdrew the patrols of soldiers  
from the streets. The rioting ap-  
pears to have convinced the govern-  
ment of the futility of endeavoring  
to continue the Katsura regime.  
Katsura and his cabinet, who as-  
sembled at 10 o'clock last evening,  
remained in session until noon to-  
day. The building where they met  
was strictly guarded by police and  
soldiers.

The council of elder statesmen  
were called together by the em-  
peror at the imperial palace this af-  
ternoon.

Following these meetings it was  
semi-officially announced that the  
resignation of Katsura and his col-  
leagues would be accepted by the  
emperor. Count Gombel Yamamoto,  
formerly minister of marine, has sig-  
nified his willingness to accept the  
premiership, together with the lead-  
ership of the old constitutional party,  
of which the Marquis Seldnji is  
now chief.

Prince Katsura will in the mean-  
time proceed with the organization  
of his proposed new progressive  
party.

## WICK WILL TELL HOW HE BUSTED 'EM

Washington, Feb. 11.—Attorney  
General Wickersham was an air of  
abstraction today, for he is sched-  
uled to deliver his "swan song" at  
a luncheon to be given him tonight by  
his colleagues in the department of  
justice. President Taft and about  
sixty of the attorney general's  
friends will be in attendance. Be-  
sides the president and the attorney  
general the speakers will be Solicitor  
General Bell, James A. Fowler  
and Reeves T. Strickland, of the de-  
partment, and Henry A. Wise, United  
States district attorney of New York.  
The dinner will be more or less of  
a family affair, although the attorney  
general is expected to review the  
activities of the Taft administration  
along "trust-busting" lines.

## FORMER LIMA BOY STRICKEN.

Fred Schaub, Now of Chicago, Will  
Undergo Operation at City Hos-  
pital for Appendicitis.

Stricken with a sudden attack of  
appendicitis, Fred Schaub, former  
Lima young man, but now city sales-  
man for the Ruben and Meyer  
company of Chicago, hostelry manu-  
facturer, hurried to his home in  
the city yesterday and will enter the  
Lima city hospital tomorrow morn-  
ing to undergo an operation for the  
ailment.

Young Schaub arrived in Lima from  
Chicago over the Pennsylvania rail-  
road at 3:22 o'clock yesterday after-  
noon, and was removed at once to the  
home

# LIMA ONE OF THE CIRCUIT

Of Cities to be Visited Each Season by an Aborn Opera Company.

AGREEMENT WAS CLOSED LAST WEEK.

Performance of "Madame Butterfly" First Under New Agreement.

As a result of an agreement entered into last week between Louis H. Cunningham, manager of the Panrot opera house, and Messrs. Milton and Sargent Aborn, impresarios, Lima is to be permanently included in the list of American cities in which one of the Aborn English Grand Opera companies will appear at least once every season.

Not only are the people of this city and surrounding territory assured of a grand opera engagement each season, but it is to be left to the music lovers themselves to decide what opera is to be sung at each engagement.

A few weeks prior to the engagement of the company each season, a voting contest will be held, and the opera running the most votes in the contest will be the one selected for the local engagement. In the agreement, closed last week, it is stipulated that the Messrs. Aborn will conform to the wishes of the patrons, and choose from the extensive repertoire the opera that finds most favor with the music loving people of this city.

Later last summer, a conference was held in New York City, attended by the Messrs. Aborn and theatrical managers of the cities of the Middle West. At that meeting, plans were formulated for the organization of a grand opera circuit to be composed of cities in the Central and Eastern states, in which it was agreed that there should be at least one of an Aborn company each season.

Manager Cunningham of the Panrot, was an interested participant at the conference, but at that time did not commit himself finally to the project, as he first wanted to test the advisability of including Lima in the list of cities belonging to that circuit.

To that end, he closed a contract for the appearance of one of the Aborn companies in "The Traviata," one of the most popular in their repertoire, early in the season. The success of the engagement, both from an artistic and financial standpoint, is a matter of history, and convinced him that grand opera would be well patronized in this city.

He accordingly opened negotiations with the Messrs. Aborn for the appearance of one of their companies later in the season in "Madame Butterfly," as so many requests had been received from local lovers for a local performance of Puccini's masterpiece. Next Monday evening, one of the Aborn companies will appear at the Panrot theatre, and from present indications, a crowd that will exceed the one that attended "The Traviata" will applaud the artists efforts.

The Aborn Companies. The standard of the Aborn companies is too well known in this city to require comment, as local patrons have had an opportunity twice this season to judge for themselves. But, nevertheless, it will probably be

very interesting to the general public to know something of the Aborn companies, which have become known at the most famous English organizations in America.

They are all known as the Aborn Opera companies, but under that general head there are five distinct ensembles. Two of the touring winter companies are known as the Aborn English Grand Opera companies, one of which will appear here next Monday evening. Without doubt, they have become the most famous organizations in the English operatic world. Their repertoire embraces all the modern and classic operas.

Each company having had long runs in New York, Chicago, Boston, Brooklyn, Baltimore, Washington, Pittsburgh and other large cities where extended seasons are played from eight to ten weeks, it requires the touring of additional companies in the spring to furnish those cities with the required repertoire for an extended season each year. Four casts are selected from these companies, and which are made up from the best principals and choruses from each organization.

Each company is equipped with a double cast of principals, and no artist is compelled to sing over four engagements during a single week. In addition, each company carries a complete orchestra to interpret the performance of guaranteed merit.

Besides the two grand opera companies, Messrs. Aborn also have two other organizations on tour, presenting a mammoth spectacular production of Ballo's famous "The Bohemian Girl." One of these companies appeared at the Panrot during December, and made a lasting impression.

These spectacular presentations have met with such artistic and financial success that the Messrs. Aborn were prompted to form a new separate and distinct organization known as the Aborn Opera Company, with a special cast for a mammoth revival of "Plaque de la Chimes of Normandy," which has proven one of the big artistic successes of the present season.

In addition to the above activities, the Messrs. Aborn have recently arranged with Mr. Felix Isman, who owned New York real estate operator, for a location near Columbus circle to erect a Conservatory of Music, which is to cost \$50,000. This will include a large auditorium seating 2500 people, for the purpose of giving grand opera in English. The large number of American singers who have proven that it is not necessary to go abroad to finish their studies, has prompted them to erect this conservatory for the purpose of securing material for their various opera companies.

One has but to read the favorable comments from the pens of the foremost critics in the musical centers of the United States to appreciate the favor in which the Aborn companies are held by the music lovers of these cities.

Woman's Music Club Active. Wherever grand opera is given, liberal support is accorded it by organizations founded to promote interests in things musical, and Lima is no exception to the rule. The Women's Music club of Lima has been active in its support of the Aborn organization, and it is largely through its efforts, that Manager Cunningham has added Lima to the list of cities included in the grand opera circuit.

It is also in deference to the wishes of the majority of the members of the club that "Madame Butterfly" will be sung next Monday evening. On the occasion of the first appearance of the Aborn company early in the season "Madame Butterfly" was the opera most favored by the majority of the music loving public of this city, but it was impossible to make the necessary arrangements on account of the short period of time between the beginning of the company and the performance.

It is also likely that the grand opera season in Lima will include

more than one engagement each season if the attendance next Monday evening seems to justify it.

Merlin Pfeiffer has been spending a few days with his mother and sons here.

Mrs. Willis Huffer spent Saturday in Conroy.

Levi Laman has returned to his home from the Lima city hospital where he has been a patient the past few weeks. He had undergone an operation at that institution.

Mrs. Lawrence Fortney and son, Gordon, formerly of Lafayette, visited with J. R. Brennan and wife last week. Mr. Fortney, who was third truck operator on the Pennsylvania at Lafayette, was given special truck work at Monroeville, Ind., and they have now moved to that city.

Mrs. Faze, who has been with her daughter, Mrs. Samuel Jacobs, for sometime past has gone to the home of her son, Wm. Faze, of Westminister, where she makes her home.

Rev. W. E. Ward is holding revival meetings at the Ridge church. The meetings in progress at the M. R. church here are full of interest and very well attended. Special choruses and quartettes are arranged for various evenings. The children's chorus which was so thoroughly enjoyed on last Thursday evening, will sing again on next Thursday evening.

The M. E. Ladies' Aid met on Monday afternoon with Mrs. Rachel Pfeiffer.

Miss Martha Pfeiffer is now improved from her illness of the past fortnight.

Miss Goldie Stewart, who left with her father for Florida two months ago to spend the winter was recently married to Reuben Brazil, also of Florida.

Lester Conrad, wife and child, of the Ridge, have returned home after a few weeks' visit in Pennsylvania with their parents, George Bloom and wife.

The meeting of the W. M. A. held last Thursday afternoon with Mrs. D. H. Counsellor was led by Mrs. Milda Huffer and the following program was enjoyed:

Song—"Send the Light."

Devotionals—Mrs. W. E. Onstott.

Recitation—Geraldine Lease.

F. Keller, L. E. Critch, W. W. Critch, Wm. Evans, I. C. Stemen, Frank Hillyard, Cyrus Clutter, Ed. Reedy, N. E. Brennanman, Mrs. Davis, Misses Dora and Carrie Kruse. After adjournment a delightful luncheon consisting of peanut sandwiches, pickles, orange sherbet, devil's food cake and coffee, was served by Mrs. Counsellor, Mrs. D. P. Myers, and Mrs. Oliver Heath. The next meeting will occur March 6th, with Mrs. Rev. Ward.

An excellent meeting of the W. C. T. U. was held one afternoon last week with Mrs. Laura Herr. Thirty members answered roll call. The guests present were Mrs. John Huffer, Mrs. W. R. Jones and Miss Mayme Whittington. The last two names were presented for membership and gladly accepted. It was decided to use the white ribbon ceremony at the next meeting for the members recently taken into the union. The subject of "Francis Willard" was then taken up by the leader, Mrs. Hazel Brunk.

The following interesting readings were given:

Biographical Sketch of Miss Willard—Mrs. Ward.

"How Miss Willard's Temperance Career Began"—Mrs. Jessie Miller.

"What the W. C. T. U. Has Accomplished"—Mrs. Minnie Heath.

"How and Through Whom These Things Have Come to Pass"—Mrs. Elma Sherrick.

"Francis Willard Memorial Fund" was then read and explained by the president.

A motion was made and carried that we send \$2.00 to this fund.

Miss Mayme Brady, who attends the College for Women at Western Reserve University, at Cleveland, is home for a few days' visit.

Ernest Fetter, a student in the University at Ann Arbor, is home for a short visit, this being the end of the semester.

The subject for the debate which is to take place between the Delphos and Van Wert high school on the 21st of this month, has been decided upon. It is, "Resolved That the United States Should Repeal the Law Granting to Coast-Wide Shipping Free Passage Through the Panama Canal or Arbitrate."

J. H. Burnett, of Monroe, Ind., is visiting at the home of his brother, Dr. E. Burnett, of west Fifth street.

Mr. and Mrs. Ira Cole are the proud parents of twins, a baby boy and a baby girl, born Sunday morning about 1 o'clock.

A. E. Feltz was in Columbus, Saturday, on business.

The large turbine generator installed by the Delphos Electric Light and Power Company was tried for the first time Thursday evening. This new machine is known as a Curtis steam turbine. Delphos, Middlepoint, Van Wert and Conroy receive their light current from this company. The machine was tested by furnishing current for a short while to the above towns on Thursday. The General Electric Company are the manufacturers of this large turbine generator. The enlargement of their reservoir has recently been completed and the water is furnished by the canal. The same company also has quite a large electric plant at Van Wert, O.

Mrs. Harry McLeod, of north Pierce street, went to Bluffton, Ind., to attend the funeral of a relative.

William Wagner, proprietor of Wagner's bakery, returned from Lima on Friday evening, where he had attended the funeral of his brother, Mrs. Frank Scherger was visiting in Lima, Saturday.

The young folk are certainly enjoying the winter sport, skating on the canal. A party of ten skated from Delphos to Southworth, Saturday, where they took lunch and returned. They report fine skating all along the line. They anticipate getting up a crowd and skating to Minster if the weather continues in their favor.

The ice-cutters are hoping for a continuation of the cold weather so they may secure a supply of ice in sufficient quantity for their needs until next ice-cutting season. In the last few days they have been hard at work cutting ice of good thickness.

Parents Say Superintendent Is Trying to Hush School Scandal.

INVESTIGATION WILL CONTINUE.

Pupils in Professor Fisher's Classes Quizzed This Morning.

After conducting what he termed a thorough investigation into the alleged charges preferred against Prof. George Fisher at the high school building, Superintendent Davidson of the Lima public schools announced at noon today that no further action would be taken in the matter unless formal complaint was made to him or the board of education. While admitting that Prof. Fisher was probably indiscreet in the choice of his language in the class room, the superintendent added that it was not of such nature as to warrant even a reprimand. However, the attitude of the superintendent of the schools does not necessarily mean that the investigation will be dropped. Parents of children in the high school who have interested themselves in the matter stated today that the investigation will continue until the real truth is known. Some of them go even so far as to say that the superintendent and certain members of the board of education are endeavoring to white-wash the affair, and are giving wide circulation to the statement that there is absolutely no truth in the reports in order to discourage the efforts of those who are trying to get at the real truth of the alleged charges.

Several pupils were requested by their parents to bring home the text-books today so that they could be examined carefully by the parents. It has been claimed that the language of Prof. Fisher was merely a repetition of that contained in the text books, and it is desired to know if that statement is true.

One handicap that is hindering the investigation is the disposition of the pupils to hesitate to appear before the superintendent and members of the board of the education and repeat the statements made in the class room. So far, no pupil has consented to appear as a witness in a public hearing and repeat what was told to the parents at home.

No formal complaint will be made against Prof. Fisher to the board of education at the regular meeting this evening. The idea of presenting a petition asking for his removal has been abandoned, although signatures were secured to a petition yesterday. It has been decided by the parents to investigate further before taking such steps, and it may be several days before the investigation is concluded.

**Pupils Quizzed.**  
At the high school building this morning, pupils in Prof. Fisher's classes were requested to write on slips of paper statements made by Prof. Fisher that were deemed objectionable. These slips were turned into Principal Steffens, and by him turned over to Superintendent Davidson, who after scanning them carefully, announced that there was nothing objectionable contained in them.

In speaking of the matter later, the superintendent stated that the language used might be construed as indiscreet by some persons, and was different from what he would have used, but he found nothing that would warrant a substantiation of the charges contained in the rumors that have been afloat for several days.

## LIMA MAN AUTHORITY

Article Written by Him is Published in Chicago Newspaper.

B. A. GRAMM WRITES CONCERNING TRUCK.

Pointing Out the Need of Electricity in the Equipment.

B. A. Gramm, the originator of the Gramm Motor Trucks, and one of the most progressive citizens of this city, has again come into the limelight. Mr. Gramm has been in the motor truck business for many years, and every one realizes that he is thoroughly conversant with every part of their construction, as well as with all the intricate and delicate features which are essential in their manufacture. But how widely he is accepted as a critic is not realized by most Lima people.

His reputation is nevertheless wide, and his standing is recognized throughout this country. So high is his reputation that the following article, treating of the essentiality of electricity in a motor truck, was published in the Chicago Record-Herald. It is herewith reproduced: Electricity is Necessary.

By B. A. Gramm.

(Vice President and General Manager Gramm-Bernstein Company.)

"It is one thing to prophesy and another to live to see the prophecy fulfilled. I certainly have enjoyed seeing the truck industry round out into its full share of success and it has been my good fortune to see many predictions which I made ten years ago, fulfilled today.

"Predictions have been made by one of the experts of this country, that we have a market for at least 75,000 trucks a year for the next 20 years. This statement is not to be sneered and one that will surely come true.

"There are many pitfalls surrounding the truck manufacturers who are jumping into the business because of the great profits they think are within immediate reach and some failures will of necessity result. In the truck game many will fail because an entirely different line of management must be carried out than in the pleasure car department. The pleasure car and commercial lines never mix, any more than oil and water.

"Because a factory advertises acres of floor space and millions of capital and their ability to build so much cheaper on account of quantity do not signify that the motor trucks they are building will stand up and actually give service.

"Quality Big Factor.

"Quality and not quantity must be the most important factor. This has been Europe's boast and best asset and it is a well known fact that we have pleasure car manufacturers in this country whose output is more than the combined factories of Europe, but on the other hand, it is also acknowledged that European cars are highly satisfactory and will stand more bad usage than the general run of American-made cars and it was only after the American manufacturers of high-grade went after quality, instead of quantity, that they obtained the same results.

"In selecting the proper design for construction of motor trucks the purchaser should carefully consider the experience of the company or those who compose the company have had.

"More common sense should be used in the building of trucks. I have personally made more mistakes by following ideas submitted by others than by basing my ideas on the judgment of my actual customers who have had my trucks to daily use.

"Self-Starter is Needed.

"Electricity on a gasoline truck will play a more important part in the future. I am confident that the time is here when every truck should be equipped with a self-starter. They are far more necessary on a truck than on a touring car, for the truck must be stopped and started at least 20 times to a touring car's once.

"The trucks which my company are building are the result of years of hard labor. The trucks which we will exhibit at the show will display all the requirements and refinements that could be obtained by years of experience."

Company C Last Evening Held Election to Choose New Captain.

OTHER ELECTIONS WERE NOT HELD.

No Order Calling for Them Received From Adjutant General.

Pursuant to the order received here a week ago ordering an election in the local company of the Ohio National Guard that the vacant office of captain might be filled, this election was last evening held, and George W. Eckert was unanimously chosen as the head of the company. Eckert has been the first lieutenant of the company since the appointment of Robert McPeak, who was his next superior officer, to the position of battalion adjutant. Up until this time Eckert had been the second lieutenant of the company.

Mr. Eckert has been a very faithful member of the C Company, of the Ohio National Guard, Second regiment. He enlisted when the local company was called out in the Spanish-American war, and has been a member constantly since the reorganization immediately after the war. He has filled all the offices in the company rank up to that of captain, and when he received his commission on his passing the examination, he will have completed the company roster of offices. The election to the offices of first and second lieutenant was not held last evening. Mr. Eckert announcing that as he had received no order for such an election from Adjutant-General Wood, that such proceedings would be invalid. Clark Creps, the present second lieutenant is candidate for the next higher office, while Melvin Light and Charles Reynolds are candidates for second lieutenant. The appointment of John Harley, the captain of the company to the office of regimental quartermaster has caused the refilling of all these offices.

AUTHORS OF "THE GIRL FROM MONTMARTRE."

"The Girl From Montmartre," the farce with music in which Richard Carle and Hattie Williams will appear at the Faurot Friday night, is from the French and was written by George Feydeau and Rudolph Schanzer, the authors of "The Gay Parisian" and other successful pieces. The music is by Henry Berony. The English version has been prepared for Mr. Carle and Miss Williams by Harry B. and Robert B. Smith, whose names are associated with numerous hits on this side of the Atlantic. J. M. Barrie's delicious skit, "A Slice of Life," is introduced into the play. Seats for the engagement of these two noted stars will be placed on sale Thursday morning.

Z. A. Crosson cashed a check for one Joseph Hagerson, and later found that it was forged. However, the man was arrested before he had disposed of the money he had gotten out of Mr. Crosson. This money was marked as an exhibit, and was held through the trial of the man. When the trial was over, Mr. Crosson found it necessary for him to file

a replevin suit. This he did, and coming on for the hearing before Justice Holmes, the money became his at once, as no defense was made, as the suit was simply a necessary legal action. Mr. Crosson is now in possession of his \$12.50.

JULY 7 '7Good mornin',  
Boss!  
Did you use  
Peach Soap?WITHOUT AID  
OF CRUTCHESEast Market Street Woman  
Walked Last Evening at  
Church Revival.FOR THE FIRST  
TIME IN 10 YEARS.Constant Prayer and Faith  
Responsible for Mirac-  
ulous Cure.

Constant prayer and faith in God's power to heal were responsible for the miraculous recovery of Miss Eva Gibson, 54, of 718 east Market street, at the Epworth Methodist church, last evening, according to the woman herself, who walked without the aid of crutches for the first time in ten years.

Members of the congregation who attended the revival meeting at the Epworth church last evening were stricken with astonishment when they beheld the woman, who had been helpless for years, walk about the church without the aid of her crutches. When she returned to her seat, the pastor of the church, Rev. M. C. Howe, offered up a prayer of thanksgiving, in which all present joined with fervor.

After the meeting, Miss Gibson walked unaided to her home on east Market street, where for the balance of the evening, she continued to move without assistance. Her mother was first thunderstruck when she saw her daughter, who had been suffering for years with spinal trouble, walk into her presence, alone and unaided, but when she recovered from the shock, joined with the friends and neighbors in prayers of thanksgiving for the miracle that had been wrought.

This morning, Miss Gibson walked even better than she did last evening, and is confident that she has been entirely cured of her ailment. She attributes her cure to constant prayer and faith in the Supreme Being.

**Injured in Theatre.**  
Miss Gibson was seriously injured while attending a performance at the Faurot theatre, April 10, 1903. The seat in which she was sitting broke, and in the fall that followed, the fifth dorsal vertebra of her spine was broken, and the nerves connecting the spinal cord and the stomach were displaced, causing her to be a helpless invalid.

For 20 months, she was confined to her bed unable to move hand or foot. She gradually regained her strength, however, and for the next

six years, was wheeled about in an invalid chair.

During the Billy Sunday meetings two years ago, Miss Gibson's heart was touched by the singing of a lady who called at her house to hold religious services. She was converted, and the next spring joined church.

From that time on, according to Miss Gibson, she recovered the use of her limbs rapidly, and a few months later, she was able to get around with the aid of crutches.

Last evening, Miss Gibson claims that a voice seemed to call to her to "Stand up!" and she obeyed. To her surprise, she was able to stand alone, and later to move about with the utmost freedom, unaided. She is confident that she has been permanently cured, and never expects to have to resort to the use of crutches again.

Miss Gibson's story is corroborated by Rev. M. C. Howe, pastor of the Epworth M. E. church, who has been conducting a revival service at the church for the past five weeks. During his short pastorate in this city, he has known Miss Gibson as a helpless invalid, and last evening was the first time that he had ever seen her walk without assistance of some sort.

The apparently miraculous recovery of Miss Gibson created quite a stir among the congregation last evening, and there was much rejoicing.

MEETING OF  
THE COUNCILTo Discuss Water Works  
Improvement Scheduled  
for Tonight.VARIOUS PLANS ARE  
TO BE DISCUSSED.Members Will Sit as a Com-  
mittee of the Whole to  
Investigate.

The city council will meet at the council chamber this evening as a committee of the whole to discuss the plans for the improvement of the water works system, provided for in the \$100,000 bond issue recently authorized by the city council. This matter was brought up at the last regular meeting of council, at which time it was deemed wise to call a special meeting of the council to discuss the project as a committee of the whole.

When the bond issue was passed, three separate and distinct improvements affecting the city water works system were contemplated. One was the extension of the city water mains to the south side of the city to insure better service and better fire protection; another to repair the machinery at the pumping station and install new machinery; and the third, to repair the east bank of the city reservoir, which, it is said, is in poor condition.

Since that time, it has developed that the amount authorized by council is insufficient to care for all three improvements, and one of them will probably have to be abandoned. However, there is still a possibility that a plan may be devised whereby all three can be pushed to completion without increasing the amount of the bond issue. It is certain that the extension of the city water mains to provide better service to the residents of the south side of the city will be carried out.

Service Director Morris and City Engineer Clayton will attend the meeting this evening, as will also Superintendent Lytle of the water works. These three officials have been giving the matter careful study for the past few weeks, and their information will no doubt be of invaluable aid to the council in arriving at some definite conclusion.

YET ANNOUNCED.

The announcement of the funeral arrangements in the matter of the late services for Mr. William T. Anthony, who passed away so suddenly at his home at 686 1/2 south Main street yesterday afternoon, will not be made until word has been received from the only son of the deceased Mr. Ross Anthony is now located in Spokane, Washington, and as yet no communication has been received from him telling what he will do about coming home.

William Anthony at the time of his death was fifty-five years of age. He was born at St. Johns, Ohio, on the twenty-fourth day of November, 1867. For the past number of years he has been a competent employee of the Hoyer and Bond furniture store in this city. At the time of his death he held the position of shipping clerk. The funeral services will probably be held in the Grace M. E. church in this city, and the interment will be made in the Fairmont cemetery, near Unioopolis.

Working himself free of the rope with which he had been bound, Clare West, a bookkeeper of the Bank of Nova Scotia in Edmonton, Canada, reached his revolver and drove off two masked robbers who were riding the same one day recently.

The pair fired several shots at West as they dashed out, one bullet lodging in his arm. The robbers escaped.

LOCAL POLICE  
MUST DOLL UPLocal Officers Must Here-  
after be Garbed in  
Full Uniforms.CERTAIN STYLES  
ARE PRESCRIBED.Order Will be Enforced to  
the Letter by Chief  
Earnst.

An order was transmitted to Chief Earnst last evening from Safety Director Blank, directing him to see that every officer in the Lima police department, from the chief of police down, excepting the men working in plain clothes, was hereafter in full uniform of a prescribed pattern while on duty. The chief was ordered to insist upon a strict observance of the new verdict, which has been in effect for the past four months, but which has not been rigidly enforced.

Accompanying the written order were patterns, cut from a catalogue, showing just what uniforms should be worn. The patrolman's uniform

is the same as has been worn for years, but attention of the chief was called to the practice of wearing rain coats and other clothing not in harmony with the required pattern. The practice of wearing the badge under the overcoat or rain coat was also decreed by the safety director, who insisted that the badge should be worn on the outside in full view.

The uniforms of the chief, captain and sergeants are similar, except that the sergeant's rank should be denoted by the chevrons on the sleeves, while the captain and chief should wear shoulder epaulettes. There is also a difference in the number of brass buttons on the front of the coat. The commissioned officers must also wear wreaths on their caps, in which is lettered the rank of the officer.

Chief Earnst announced this morning that Blank's orders would be carried out to the letter, and to prove that he meant what he said, spent the greater part of this morning having his old captain's uniform changed to meet the new requirements for a chief's uniform.

Each roll call hereafter will mean a rigid inspection of the officers by their superiors. Evidently missing badges worn under the coat, and other irregularities will not be tolerated, and if the officer is guilty of such an act will be followed.

## COURT NEWS.

In the lower court room the famous Burkholder-Stratton damage case now in the process of trial for the fourth time, is the main attraction, and the court audience seats are never all vacant. The case continued today, having been begun yesterday morning, and the examination of witnesses was kept up. A short recess was taken at 2 o'clock, but court soon was called to order again.

In the upper court room Justice of the Peace Everett is sitting in a jury trial, hearing the case of the state of Ohio against William Kerr. The charges are non-support on complaint of the mother of the child of the defendant.

The county commissioners made a trip of investigation in the matter of the improvement of the C. A. Coon ditch, this morning, visiting the properties affected and benefited thereby, both in Shawnee and in Amanda townships. The hearing was postponed until the 12th of March.

In the probate court, this morning the case of Nicholas Coffe was called, and the inquest into his lunacy conducted. He was the man who stirred up the trouble several days ago, and who after locking his family out of the house, refused admittance to the officers, and when they came in, threatened them. He was adjudged insane by the court, and will be sent to the state hospital at Toledo. He has been in that institution before.

Cleveland, O., Feb. 11.—The decree of the United States circuit court at Cincinnati, dissolving the Great Lakes Towing company, as a monopoly in control of the towing business of the fourteen principal ports of the Great Lakes, was received here today.

The decree denounced the methods of the company, declaring that in driving out of business numerous independent tug companies it directly violated the Sherman anti-trust law.

The suit asking the dissolution of the Great Lakes Towing company, was filed at Cincinnati by William L. Day, then United States district attorney, now federal judge of this district, on June 18, 1910. B. C. Miller, clerk of the federal court here as special master, subsequently took testimony in almost every port on the lakes.

The decree recites that letters of the towing company officials to its agents in various ports not only suggested to them the cutting of rates, but in some instances suggested the bribery of port officials. The company is given thirty days in which to suggest the means of dissolution.

### Of Strikers and Guards in a Sharp Encounter at Mines.

### WEST VIRGINIA IS SCENE OF CARNAGE

#### Adjutant General Elliott Issues Orders to Clear Mountains.

#### Many Arrests of Armed Men Are Momentarily Expected.

Charleston, W. Va., Feb. 11.—The troop train which left Paint Creek Junction for Mucklow at dawn proceeded slowly in the semi-darkness with a strong force of skirmishers thrown out on each side of the track. It had gone but a few miles when armed men stationed in the undergrowth were encountered. There was no shooting, but 19 of the rioters were captured and the soldiers gathered up seventy sticks of dynamite, capped and fused, that had been placed at regular intervals along the rails for a distance of six miles.

When the prisoners were taken to Paint Creek Junction, where they are being held under heavy guard, it was discovered that among them was J. F. Parsons, late socialist candidate for the legislature from Kanawha county and long known as a leader among the miners of Cabin Creek county.

Reports from Mucklow and Standard this morning stated that the mountains are still filled with armed men, and shooting into the towns continued until after daylight. The force of deputy sheriffs and mine guards at these places was so small that no move could be made to dislodge the attacking parties. It was reported, however, that they were holding their positions, and anxiously awaiting the coming of the troops who were expected about noon.

Charleston, W. Va., Feb. 11.—Adjutant General Elliott at daybreak took active command of the disturbed section of the Kanawha coal fields, where almost a score of miners and guards were killed in yesterday's battles. With a provisional regiment of five companies he moved out from Paint Creek Junction, two being sent to the Cabin Creek district, where trouble was expected today, and three under command of Major Thomas D. Davis, taking the road to Mucklow where yesterday's fighting was fiercest. Orders were issued to clear the mountains of armed men, and many arrests were expected before nightfall. In some quarters the opinion was expressed that the miners had retired into the mountains, and the soldiers would meet with little opposition, but General Elliott and his men were prepared for eventualities.

Governor Glasscock, Governor-elect Hatfield and the finance committee of the legislature, now in session here, conferred until late in the morning concerning the situation and at the determination of the conference it became known that the commander of every military company in the state had been ordered to hold his men in readiness for immediate service, although the belief was expressed that the force now in the field could handle the situation. At the adjutant general's office it was stated that efforts to restore the telephone and telegraph wires into the Paint Creek section were being made this morning.

Sixteen Killed. Charleston, W. Va., Feb. 11.—For the third time in the history of West Virginia, martial law is in effect. Portions of four counties today are in control of the state militia following a battle yesterday between the striking miners of the Kanawha coal fields and deputy sheriffs, railroad officers and mine guards.

In a clash near Mucklow yesterday, 16 persons were killed and probably two scores injured. Twelve of the dead were miners and four were state officers.

Five companies of state militia ordered out last night by Governor Glasscock, reached the strike zone before midnight. A sixth company was on the way, due to reach the troubled district some time this morning.

Trouble in the mine districts began in April, 1912. Since that time the militia has twice invaded the Paint and Cabin Creek districts of Kanawha county. The first time martial law was declared at an end. Within a week the troops were ordered back into the strike territory because of rioting and bloodshed. They were gradually withdrawn and the second proclamation of martial law was never lifted. Since last Friday almost a condition of anarchy has prevailed at Paint and Cabin Creeks. Passenger trains on the Chesapeake & Ohio railroad have been subjected to fire, mine guards

shot and attempts made to apply the torch to the property of the various coal companies in the various districts. Last Saturday, after a reign of terror in the strike district on Friday night, Governor Glasscock prepared to bring the situation before the legislature of West Virginia, now in session. This, however, was not done, and Sunday telegraph wires into the troubled zone were cut and the mine districts left isolated. It was reported Sunday night that Governor Glasscock would appear before the legislature Monday and insist that some action be taken. Before this could be done yesterday, a serious situation occurred in the strike territory.

A body of miners marching from the mountains toward Mucklow were met by a force of mine guards, deputy sheriffs and railroad officers. Without warning the two forces opened fire. The miners drove the officers back. Reinforcements arrived for the officers, but the miners by this time had taken up guerrilla warfare and the authorities steadily retreated.

It is said that the miners numbered from three to four hundred men who were concealed in the mountains. At midnight last night it was learned that rapid fire guns of the authorities had inflicted death to 12 miners, while but four of the officers were killed.

Forty injured are scattered over a territory of 15 square miles. A number are said to be fatally hurt. It is also said that the number of injured is much greater.

Adjutant General Charles D. Elliott left Charleston last night with two companies of militia from this city. General Elliott has taken personal charge of the strike situation. With him are the members of the military court who acted during the last two administrations of martial law. The acts of the military commission in sentencing over two scores of persons to long terms in the West Virginia penitentiary were recently questioned in the state supreme court and the supreme court of the United States. The military court was upheld, and at the same time the validity of martial law declared by governors of states was held to be legal.

Last night when conditions became critical, Governor Glasscock ordered out the militia. Within a few hours the first companies were on the scene and an endeavor was made to open up communication with Charleston, members of the national guard stretching out over the route taken by wires. It is hoped that direct communication between the state authorities and the strike territory will be established early today.

While definite figures could not be ascertained early today, it is said that instead of 12 miners, at least 15 were killed. It was also learned early today that Standard, W. Va., a mile above Mucklow, had been shot up, the fire being directed from the mountains.

#### ATEMPT TO BLOW SAFE IN BRADNER.

Bradner, Ohio, Feb. 11.—An unsuccessful attempt was made to blow the safe in the post office last night. A window was forced and the safe and floor soaked in gasoline, but the fuse went out just before the fire reached the nitroglycerin inserted in the safe door.

Mrs. Ruth Warden, telephone operator, got up at 1 o'clock to let her dog out and it is thought the noise made by the animal scared the burglar away.

#### Girl Who Longed for Adventure, Heroine in Fire.

An early morning fire in a three-story building in Austin, a suburb of Chicago, gave Eunice Olsen, a pretty dark-haired miss of seventeen an opportunity to prove herself a real heroine. Always Miss Olsen has craved excitement. She liked to read about her Viking ancestors, and their stirring adventures, and to her life in a modern city has seemed drab and uneventful. But now her heart is filled with content, for, literally, she has been tested by fire, and found equal to the occasion. When awakened by the fire in her home, Miss Olsen aroused the other tenants in the building, got her parents and sister safely to the street, and then ran barefooted through the snow to a neighbor's house, where she telephoned to the fire department. Returning to the burning building, she attempted to dash through the smoke and flames to rescue a pet canary, but was restrained by her parents.

# AN APPEAL TO THOSE BACK HOME

## WRITTEN BY THE GAL- LANT ENGLISH EXPLORER

### Who With Brave Band Be- side Him, Realized That Death Was Near.

### ENGLAND MOURNS LOSS OF NOBLE MEN

#### Nation Will be Stirred to Make Provision for Families

#### Whose Proud Boast Will be "Our Men Died Like Heroes."

London, Feb. 11.—Grief and pride in the simple narrative of high courage, endurance and sacrifice given in Captain Robert E. Scott's farewell message to the world are close competitors for dominance in the feelings of the British public today.

"It is a white and not a black mourning we have for these gallant souls who have done and dared so greatly," was the comment of a cabinet minister today.

The closing words of Captain Scott's epic were:

"Had we lived I should have had a tale to tell of the hardships, endurance and the courage of my companions which would have stirred the heart of every Englishman. These rough notes and our dead bodies must tell the tale. But surely, surely a great and rich country like ours will see that those who are dependent upon us are properly provided for."

These words have had an electric effect. Steps are on foot already to respond to his appeal to the nation by assuring a comfortable future for those dependent on the men who while awaiting certain death could still write that they did not regret their journey.

Captain Scott's interest in the welfare of his men was emphasized by practically the last business he transacted before he left to join the expedition in New Zealand. This was the sale of his story.

"He declined to make any private profit from the transaction and decided that the total receipts should go to increase the financial reward of the men who had undertaken to share with him the dangers of the Antarctic region."

It was therefore arranged that the story of the adventure should be distributed among the members of the crew as a surprise bonus on their return to England.

Mrs. Scott is assured of a pension from the British government.

A memorial service for Captain Scott and his companions is to be held in St. Paul's cathedral on Friday.

Flags in all parts of London are flying at half mast today.

#### TWENTY-FIVE IDEAL AGE TO WED, SAYS PROFESSOR.

Boston Instructor Calls Twenty Giddy  
and Forty Dangerous.

Twenty-five is the scientifically ideal age to marry, according to Professor Dallas Lore Sharpe of Boston university, who said recently:

"There is nothing particularly God-fearing or discreet or reverent about thirty. Thirty is the timid age. Forty is the dangerous age. Twenty is the ageless age. Twenty is the silly, milky, tussled age, when a boy is still liable to be croupy and to need castor oil and his mother."

"When a man reaches thirty, however, he knows that he is not a poet and a captain of industry and that the moon is not made of cheese, and that love in a cottage is not the same thing at all as love in the suburbs or in a city flat. He knows just enough at thirty to count the cost."

"God help him—and you, too, dear girl—if you are to be supported by a husband who desires you as cost, who, before the wedding, always proposes that you 'walk,' and when it rains hands the conductor 10 cents, muttering, 'There's the interest on \$2 gone. A man who has figured all the way to thirty will figure or to thirty-one."

"Twenty is a little early, I fear, but thirty is a little late, I am sure, for a man to marry. I am inclined to put the ideal time at twenty-five."

"Marriage must wait somewhat on ceremony, but it should not wait long after twenty-five for anything except the sound, level headed, willing girl to make it possible."

### STREET MASHER FINED BY MAYOR.

#### Local Photographer Faces a Charge of Assault in Police Court.

Mayor Shook and Chief Earnest are inclined to discredit the complaint filed with them against Patrolman Blair last evening, which was in substance that he was guilty of brutally assaulting C. E. Williams, of Beaverdam, whom he was endeavoring to escort to the police station. Chief Earnest claims that his investigation exonerated Blair of all blame, and that he was forced to handle the man roughly in order to get him to the station.

Williams was arrested by Patrolman Blair in front of the Braun Cafe at the corner of Main and High streets after he had twice been ejected by the proprietor. He was in a fighting mood, police say, and resisted the efforts of the officer to place him under arrest. Blair claims that Williams grabbed his club, and that he was compelled to strike him with his fist to subdue him.

Complaint was made to the mayor by Wilbur Everett, of 423 North Pine street, who later appeared before Chief Earnest and made complaint. Williams was then released on \$10 bond, which he forfeited by not appearing for trial.

William Hughes, another plain drunk, secured his release on \$10 bond last evening and drew \$1 and costs this morning.

A Street Masher. A. R. Arnold, a local photographer, was arrested in front of the Theatre last night on complaint of a young lady, who claims that Arnold insulted her. Arnold had been drinking, and was in an angry mood when taken to police station. A friend secured his release on bond, and he was fined \$1 and costs this morning.

Assault is Charged. An affidavit charging assault was filed in police court this morning against Howard Wells, a photographer, by Howard Dettler, who claims that Wells attacked him at the former's studio above the Star theatre last evening. Wells will be arrested, and caused to answer the charge this afternoon.

Dettler claims that Wells is in possession of a lens which he loaned him several weeks ago, and that he is unable to regain possession of it. It was over this lens that the argument started last night.

Dettler stated that he would start proceedings at once in justice court to recover his property.

Drunks Fined. Thomas Fell, of Van Wert, W. B.

O'Connell and Bill Kennedy, three plain drunks, were arraigned before the mayor this morning. Fell and O'Connell were fined \$1 and costs each, while Kennedy was released upon his promise to leave town at once.

#### PITTSBURGH DECLINES TO INSURE WORKERS IN 200.

Employees May Use Stomach Pump  
on Tigers, but at Own Risk.

The city of Pittsburgh will not be responsible for the employees of the Highland park zoological department who use stomach pumps on Bengal tigers or who extract aching teeth of gentle wolves.

C. A. O'Brien, city solicitor, submitted this opinion recently. It was prompted by an operation performed on a veteran Bengal tiger which had suffered several days with extreme "tummy ache."

Potomac poisoning was the diagnosis of Ernest Tretow, head keeper. "Doped" the old jungle keeper gave him an anaesthetic, roped and gagged him and used a stomach pump. He and his men came through the operation without a scratch, although once the big Bengal showed signs of reviving and causing some disturbance. The operation was such a dangerous one the employees immediately sought an opinion as to their rights in event of injury.

Mr. O'Brien said "In such a case there is no legal liability on the part of the city. I find that a man in the capacity of keeper at any time, in trusting to the gentleness of a wolf or the playful frolics of a lion or tiger, is liable to be chewed up in whole or in part, hip or thigh."

#### CAKE DIMINISHES IN POST.

Woman Charges Mail Carrier Ate Part  
of Parcel.

With half of what had once been a fine sponge cake in her hands, an indignant suffragette, weighing slightly more than 200 pounds, called at the Flushing (N. Y.) postoffice recently and demanded from Postmaster Lowrie the name of the letter carrier who had eaten half of the cake which had been sent her through the parcel post by a friend.

It was in vain that Postmaster Lowrie pleaded that the cake was the victim of its environment; that it probably had for its bosom companion in the mail pouch sections of a family cooking stove or a scintilla of coal sent on from the anthracite regions.

His words fell on deaf ears. Half of the cake was missing and the woman wanted Uncle Sam to investigate. She said the way to her house was long and cold, and she knew that the carrier got hungry on the route and fed on the cake. Making a note of the complaint, Postmaster Lowrie dismissed the woman, who went her way declaring things would be different when women got their rights.

#### WOULD PUT ROD IN SCHOOL.

Professor Urges Establishment of  
Regular "Spanking Stations."

Professor Frank M. McMurray of the Teachers' college, Columbia university, believes that spanking in the public schools of New York is a necessary adjunct of education and that the law forbidding corporal punishment in any form is unwise.

Furthermore, he asserts that it is not enforced and cannot be. He thinks the proper course would be to convert some of the city schools at convenient distances apart into what in effect would be spanking schools, presumably in charge of busy teachers. Unruly pupils from all over the city who need the rod could then be transferred to these schools and their cases properly attended to.

Professor McMurray was engaged by the city to investigate certain branches of the public school system. He reported his theories recently.

Jersey City Man Has Odd Idea of

Mr. Miller explained that he was taxed on his pole and said:

"That sort of tax bears the expense of the elections. You go home and tell your wife she can have all the clothes poles in her yard she needs and there won't be a cent of tax on them."

"Oh, this English!" burst out the taxpayer, a German. "It's getting me all mixed."

## PORK REACHES

## TWENTY DOLLARS.

Chicago, Feb. 11.—Twenty dollar pork today formed a notable feature of the provision market. That unusually high price per barrel was reached right at the opening as a consequence of sharp advances in the cost of live hogs. First sales of provisions with May to October last night, with May at \$19.97 1/2 to \$20.10 for pork, \$10.70 to \$10.75 for lard, and \$10.50 to \$10.70 for ribs. A deficiency of the rainfall in the drought-stricken regions of India had a steady influence today on wheat. Demand, however, was only of a scattering sort. The bears gave considerable attention to increasing receipts southwest. Opening prices were unchanged at 94 to 94 1/4 and 94 1/4, the same change as the market taken altogether, touched 93 1/4, and rallied to 94 1/4.

Big receipts made corn weak. May opened 1/4 and 1/2 lower at 53 1/2 to 53 3/4, and sagged to 53 1/2 and 53 1/4. General selling of oats resulted from the corn weakness. May, which started 1/4 to 1/2 down at 35 1/2 to 35 3/4, fell to 35 1/4.

## THE MARKET.

New York, Feb. 11.—Virtually all of the active stocks were fractionally lower at the opening today. Southern Pacific was again under pressure and fell 1/2 to 102 1/2, the lowest figure of about five years. Ramey common and preferred breaking 1 1/4 each and Mexican Petroleum a point. Can shares showed further strength.

## NEW YORK PRODUCE.

New York, Feb. 11.—Butter, steady, receipts 12, 736 tubs; creamery extras 37¢.	37c
Cheese, steady; receipts 143 boxes. State, whole milk, held, white specials 17¢.	17c
Eggs, weak, receipts 12, 182 cases, fresh gathered extras, 26¢; 27¢, extra firsts 24¢; 25¢; firsts 22¢; 23¢; seconds and lower grades 20¢; 22¢; fresh gathered dirties 17¢; 19¢, checks 15¢; 17¢; refrigerator firsts 20¢; 22¢; seconds 18¢; 19¢; state, Pennsylvania and nearby henney browns 27¢; 28¢; do gathered browns and mixed colors 24¢.	24c

Governor's Wife  
Will be His Cook.

Mrs. Edward F. Dunne, because she believes that a governor cannot be at his best unless he has the right sort of home cooking, has decided to take over the new governor of Illinois, de-her time to the kitchen. When asked if she thought she would have and cakes when social obligations

Mrs. Dunne replied: "Goodness, yes. 'I'll make pies when I get the chance, and that is likely to be often. This family of ours is used to my cooking, and there are some things that nobody else can cook to suit my husband and the children. Mr. Dunne knows what some of those things are."

## DINNER IS SENT BY PARCEL POST.

Mr. and Mrs. A. J. Ghes of Peckskill, N. Y., have introduced the first real "parcel post dinner." They gave one in their home recently with a menu that comprised only foodstuffs prepared in distant localities and shipped by parcel post.

The out of town guests all posted the articles from their homes before starting for Peckskill to enjoy the feast. Harry White sent from Bound Brook, N. J., a large chicken and a box of honey, and Herbert Calvert sent from Virginia corn bread and cheese. From Chicago John Ramsey sent meat products. Miss May Carleton had fruit sent from Washington, and Mr. and Mrs. Charles Harvey shipped pastry from New York.

## TO SUBDUCE INDIANS, \$57,000.

This is item on Books of Putnam Rubber Firm.

At a recent session of the Putnam Investigating committee Director Real of the A. A. A. company and formerly manager of the Bank of Mexico took the stand. He was asked if he had ever noticed that there was an account of \$57,000 which was set aside for the purpose of "reducing the Indians to subjection."

Mr. Real replied, "I never looked into these accounts." The witness denied knowing that the conquest of the Indians had been taken up as part of the business of the company.

In reply to a question as to what he thought a reference to chastisement of the Indians meant the witness replied that he had never thought about it at all. This drew from Chairman Roberts the retort: "That is the fault of it all. Nobody seems to have thought about anything."

## LIVED HERE MANY YEARS

**James M. Campbell Passed  
Away at His Home in  
Kansas, Friday.**

**FAMILY IS WELL  
KNOWN IN LIMA.**

**Funeral Services Are Being  
Held in M. E. Church in  
Independence.**

Word has been received in Lima of the death of a former resident of this city in his new home in Independence, Kansas. James M. Campbell, for twenty-five years one of the most prominent business men of this city, died on the seventh day of February after an illness of several months. Mr. Campbell had been quite seriously sick since about Thanksgiving time, but had carefully protected himself and succeeded in fighting off the disease for more than two months. He was past the prime of life, however, and the trouble so drained his strength that he passed away on last Friday. Up until a little more than four years ago Mr. Campbell and his family made their home in Lima, having come to Lima about 1883. Mr. Campbell was a bookkeeper for some time while in Lima, and later was interested in the oil business. The latter part of his life here he was the agent for J. D. Rockefeller, having charge of the Opera House building, then the property of the oil magnate. The funeral services are being

held today at the Trinity M. E. church at Independence, Kansas. There are left to mourn the loss of the deceased his wife and three children, Walter K. and Stanley J. Campbell, and Miss Hazel A. Campbell.

**NOTICE.**  
The Woman's Missionary Society of Calvary Reformed church will meet Wednesday afternoon with Mrs. Wm. Bacone, of west Elm street.

### GRACE CHURCH SHOWS INCREASE

Reports Given at the Second Quarterly Meeting, Were Most Encouraging to Pastor.

The second quarterly conference of the year was held last evening at Grace Methodist church, conducted by the district superintendent, Rev. M. M. Fiske. Reports from every department of the work of the church were given, showing a splendid and encouraging condition. Rev. H. J. Jewett, the pastor, reported fifty applications for membership in the church since the close of the recent revival services.

### DANGEROUS TO BE RELATED TO GEORGE

London, Feb. 11.—Militant suffragettes raided the west end district known as Klubland. A number of women threw pieces of lead and hard fire clay balls through the windows of the Carlton, the reform and other political and society clubs in Pall Mall.

### SAVED THE TOWN PUMP.

Fairpoint, Ohio, Feb. 11.—The town is partially in ruins today as the result of a fire which destroyed a grocery store and four dwellings. The loss is \$20,000.

## LIKE WARTS ON A PICKLE

**Men Either Fat or Thin Will  
Appear in New Spring  
Fashion.**

**COATS SHORTENED;  
TROUSERS TIGHTER**

**Plan to Dress Whole Durned  
Family With the Same  
Bolt of Goods.**

Cleveland, O., Feb. 11.—Trousers tighter than ever; coats shortened and close fitting—these are the 1913 spring styles promised to those men who plan to dress in the mode, according to delegates to the annual convention of the National Association of Merchant Tailors of America, which opens here today and continues in session until Thursday.

Thin men and fat men will have trouble with the new fashions; only the athletic ones will be in their glory. Delegates say this is a tribute to the vastly increasing number of athletic looking, well built American men.

For the first time in the association's history ladies' tailors will attend. It is said that one idea that will be worked out will be that of tailoring men's and women's suits of the same cloth. That is, a man and wife will be provided with uniform suits of brown, or blue, or black—or any other color they may desire.

Eight hundred tailors are attending.

### CRIMINAL COWARDS SENT TO ETERNITY.

Ossining, N. Y., Feb. 11.—Three murderers were put to death in the electric chair at the Sing Sing prison Monday. Two of them murdered women. All three went to the chair with firm steps, and each as he passed from the cell house to the death chamber called back a cheerful farewell to those who remained awaiting their end.

The first man to die was Joseph Garfalo, a huge Italian, who killed his wife because she threatened to divorce him. George Bishop, a negro, small and frail, was the second to take the chair. His crime was the murder of a white woman, Mrs. Margaret Zell, in Brooklyn. Donato Cardillo, the last to die, was convicted of killing Stephen H. Dickson, whose body was found in a brook near Sing Sing prison.

### Irish Peer Is Studying American Credit System

Sir Horace Plunkett, a member of the British parliament from Ireland, is visiting in this country. He is particularly interested in the development of the new agricultural credit system which is receiving the attention of legislators and scientists. Sir Horace started a similar movement in Ireland in 1889, with the result that in that country farming is as well organized an industry as any other business.

### DOVE OF PEACE HOVERING NEAR.

New York, Feb. 11.—A supreme court with no important decision to hand down and no longer arguments to hear.

The national commission—the supreme court of baseball—had such a placid session this afternoon. Second in the history of base ball has the commission had less business before it.

National league club owners, meeting this afternoon, had before them, in addition to the business of ratifying the 1913 schedule, some proposed changes in the constitution, and the settlement of the league's claims to a quarter of the New York club's profits in the last world's series. It is probable that another meeting will be held tomorrow.

### POPE PIUS' SISTER DIES OF PARALYSIS

Rome, Feb. 11.—The pope's sister, Rosa Sarto, died today in Rome of paralysis. She had been ill for some days and the physicians in attendance had expected a fatal outcome. She was 77 years old.

### Children Cry FOR FLETCHER'S CASTORIA

**TOM EDWARDS MUST  
FIND A NEW HOPE.**

Columbus, O., Feb. 11.—Making the clerk of the supreme court appointive by the judges of that court instead of elected by the people, the first of the administration short ballot measures has been made a law by the signature of Governor Cox.

The second of the short ballot measures, all of which was introduced by Representative Stephen M. Young, of Cleveland, the youngest member of the legislature, providing for the appointment of the state dairy and food commissioner by the governor instead of his election by the people has been passed by both houses and is ready to be made a law.

Representative Young's third short ballot measure is in the form of a resolution which would provide for an election on a proposed amendment to the state's constitution, providing for the appointment by the governor of the secretary of state, the state treasurer, the state auditor and the attorney general.

Republican members of both houses led a strong opposition to the two short ballot measures which already have been passed, and declare that they will be able to secure the defeat of the resolution proposing the new amendment to the constitution.

### RAILROAD BREVITIES.

The smallest loss from fire experienced by the Pennsylvania railroad system in 24 years is shown in the railroad's records for 1912.

To protect more carefully the property of its shippers which might be in freight stations or in transit, and also its own plant, the Pennsylvania has, in the past five years enlarged its fire fighting system and so improved its method of inspection that railroad employees now extinguish many fires which formerly would have gained headway and caused consequent losses.

As showing the steady improvement in efficiency, in 1908 the company's employees extinguished 274 fires out of a total of 1,357 which occurred on railroad property. In 1909, out of 829 fires the railroad's own men put out 321. In 1910 they extinguished 379 fires, in 1911, 450, and in 1912, 454 out of a total of 905. The steady increase in the efficiency of the fire fighting brigade was further developed last year by

## Opens Up Nostrils, Clears Head, Ends Colds or Catarrh at Once

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of

the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately. Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus dropping into the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear. H. F. Vorkamp.
